Education

Umeå University <i>Master of Science in Engineering, specialization in Interaction Technology and Design</i>	Umeå, Sverige 2021 — 2026
--	------------------------------

- A program combining software development with user-centered design.
- Master's Thesis: Designing Trustworthy Conversational User Interfaces for Reliable Information Retrieval in Quality Management Systems

Minerva Gymnasium <i>Natural Sciences Program</i>	Umeå, Sverige 2017 — 2020
---	------------------------------

Projects

Maj — My Application Journal	2026
-------------------------------------	------

- Developed a fullstack application to keep track of my job applications.
- Auth, database, CRUD, dashboard and design system implemented from scratch
- Tools: Next.js, TypeScript, Supabase (PostgreSQL), Tailwind CSS

Design of trustworthy conversational user interfaces — Master's Thesis	2026
---	------

- Designed and evaluated a conversational interface for information retrieval in a quality management system with a focus on trust and transparency.
- User research, thematic analysis, prototyping in Figma, usability testing.
- External partner: AM System

aWAre — Mobile application	2025
-----------------------------------	------

- Developed a location-based mobile application to increase awareness of hazards. International collaboration with students at ECU in Australia.
- Implemented a BFS-clustering algorithm for map pins in TypeScript.
- Tools: React Native, TypeScript, Firebase, Figma

Sketch'N'Guess — Mobile game	2024
-------------------------------------	------

- Developed a real-time multiplayer-game, where one player draws with their phones GPS and the other players try to guess the drawing.
- Tools: React Native, TypeScript, Node.js, Socket.io, Figma

FikaSpelet — Web-based browser game	2024
--	------

- Developed a marketing game in collaboration with an external partner, 2 500 sessions during a two day test period.
- Tools: React, Phaser, C#, .NET, SQL

Work Experience

ICA Kvantum Mariehem, Umeå <i>Store Employee</i>	2021 — 2025
--	-------------

- Worked in checkout, stocking shelves, and regular operations of the store.

Skills

React, Next.js, React Native, TypeScript, JavaScript, Tailwind CSS, Figma, WCAG, Supabase, Firebase, SQL, Node.js, Socket.io, Kotlin, Jetpack Compose, C#, Python, Java, Git

Languages

Swedish (Native), English (Advanced level)
